## Burien Cooperative Preschool Classroom Support Position Assignment

Our school is very dependent on our members' cooperative efforts to keep things running smoothly. The role of our teachers is primarily to design and implement activities for our children and much of the management of the school is the responsibility of parents. This includes supervising children in the classroom, cleaning, building and maintenance projects, and operating the business of the school. These responsibilities are accomplished through your serve day participation as well as a resource job assignment. We do our best to align your skills and your schedule with a position that works for you. After reviewing the positions listed in the handbook please let us know the following:

**Name of Parent/Guardian who will be fulfilling support position:** \_\_\_\_\_

**Three positions I would be interested in doing:**

**One position that I am not able to do or am not interested in doing:**
